

Employee 2nd Quarter

Energy Management

Starting in Fiscal Year 2000, ERS began implementing a comprehensive set of energy conservation measures. The agency will continue to do so, by implementing the following:

- Retrofitting lighting fixtures for higher efficiency
- Calibrating thermostats
- Adjusting building temperature for seasonal changes and after-hours usage

ERS continues to acquire new training for its employees in such areas as energy auditing, benchmarking, and energy management. In addition, the agency encourages efficient business practices by shutting off task lighting when not in use and limiting the use of personal appliances such as microwave ovens, small refrigerators, space heaters and coffee pots.

ERS has a goal to reduce electric and natural gas consumption by 5% per year in fiscal year 2017 from the average of the 14 previous fiscal years. ERS **has met** this goal for the second quarter of Fiscal Year 2017.
